Welcome!

Welcome back to another fabulous season in Dyers Bay. This year marks 150 years since Canada's confederation. With birthday celebrations happening all around us this summer, including free admission to our national parks, we look forward to many special events right here in Dyers Bay. We will not only celebrate Canada's sesquicentennial but also this special bay in Canada that we call home. We hope this summer invites new opportunities for you to meet with your neighbours, have fun, and participate in the many activities of the Dyers Bay Association. We continue to advocate for the community on many levels including political, public safety and environmental concerns. The strength of the association depends on the support of the membership and we need your support. So please join us this year and...

Let's Celebrate!
